### **Chapter 10 - Mendel and Meiosis Flashcards | Quizlet**

Mendel chose to use pea plants because they reproduce sexually, which means that they produce male and female sex cells. Another reason he chose to use pea plants was because in peas both organs are found in the same flower.

### **Chapter 10 Mendel and Meiosis Flashcards | Quizlet**

In this presentation, I give an introduction to the wonderful field of Genetics. Of course, I start with Gregor Mendel and his contributions to what we understand about Genetics today. I spend some time dealing with his work on pea plants and talk about the laws of Heredity. The presentation continues with the process of meiosis and ends with mistakes that can happen in the process.
